

Announcement of Pruksa Holding Public Company Limited  
Re: Responsible Procurement Policy

---

Pruksa Holding Public Company Limited and its subsidiaries are dedicated to conducting procurement activities efficiently, transparently, and fairly, in order to cultivate sustainable, long-term partnerships. This Responsible Procurement Policy serves as a guiding framework for procurement operations in alignment with the Company's business direction. The details of the policy are as follows:

1. **Ethical procurement and supplier management.** The Company ensures all suppliers adhere to the Company's Business Partners Code of Conduct, which includes providing high-quality, contract-compliant products and services, upholding ethical business practices, and committing to social and environmental responsibility. The Company also encourages suppliers across its supply chain to operate in alignment with the Business Partners Code of Conduct to promote sustainable supply chain management.
2. **Prioritize the procurement of high-quality, safe, and environmentally friendly materials, products, or services.** Procurement decisions take into account not only the quality and safety for users but also the environmental impact throughout the entire product lifecycle, from manufacturing to end use. Additionally, the Company supports initiatives aimed at enhancing the quality of life within society.
3. **Sustainable supplier management.** The Company maintains an efficient and transparent selection process. All suppliers are informed about the criteria and process involved. The Company also fosters positive relationships and supports continuous improvement in suppliers' operations.

All executives and employees of Pruksa Holding Public Company Limited and its subsidiaries are responsible for promoting, supporting, and strictly adhering to the Procurement Policy.
